Susan Lee
2:10 P.M.

How did Nicholas Noland get cast for the lead role? Doesn't he specialize in action movies? In addition, I have never regarded him as a good actor. I wonder if he's a good fit for this movie.

Deborah Gomez

Although he mainly does action movies, he has gotten better at acting in general over the years. My brother is a fan of Nicholas Noland, so I promised to take him to see it once it comes out.

Many people say that it is very sad in the way that it portrays the one-sided love of the male character. I am very curious.

Dalton Hills (April 13) — The Dalton Hills' Community Area Initiative (CAI) will host a volunteer day at Sherrington Park this weekend. Acacia, Inc. will be funding the event scheduled for Saturday, April 17, from 9:00 A.M. to 2:00 P.M., or on Sunday in the event of rain. All individuals, families, and service associations are welcome to join us as we plant saplings and bushes on the eastern side of Lake Bolton.

"Erosion has had a significant impact on that particular area," said Deanne Borne, CAI's landscape planner on this project. "We aim to prevent any more soil erosion and to provide a habitat for local wildlife." Borne believes that by planting nearly 200 native trees and shrubs, including maples, oaks, and pines, their goal can be achieved.

Local businesses will also sponsor and support the initiative. Harley's Café will be providing refreshments while shovels and landscaping equipment will be supplied by Bunning's Hardware. Ms. Borne and other skilled landscapers will be on hand to supervise volunteers. Though experience is not necessary, volunteers under eighteen years of age must have an adult accompany them.

Volunteers are advised to dress warmly and to wear boots and gloves as cool weather has been forecast.

Hi, Barry.

Since so much was happening on Sunday, we didn't have much time to talk. The great turnout stunned me. Even the mayor of Dalton Hills dropped by to chip in with the work! This reminds me that I'm so thankful that you decided to go to pick up some extra food. Harley's could not have predicted that so many people would attend.

Anyhow, thank you again for hiring me for this project. Lending my expertise and knowledge to you and the CAI was a wonderful experience. If you need my assistance on any of your other projects, please contact me.

Deanne

August 25

Team,

We all work very hard, and I encourage all of you to take time off to get rejuvenated. However, the next 3 months are going to be very critical to the success of our new project, and in this regard, to ensure the smooth progress of our project, please note the following changes to vacation request notices:

- * For vacations of fewer than 2 days, notice of 1 week
- * For vacations between 3-5 days, notice of 2 weeks
- * For vacations between 5-10 days, notice of 4 weeks
- * For vacations greater than 10 days, notice of 6 weeks

Thus, it is critical to plan our time off ahead of time, especially for any of us who are planning to take more than 2 weeks off at a time (including myself for an overseas trip). The planning of time off will enable us to plan properly and thus avoid the need to reject vacation requests.

I completely understand that all of us have exceptions and extraordinary circumstances in which we may not be able to follow the guidelines. In those cases, however, I still expect proper communication in a timely manner.

Thank you very much.

MEMO

To: All Fitness First Gym Members
From: Paul Davis, Manager
Regarding: A Break Period
Date: December 7

Since the founding of Fitness First, it has been a tradition to suspend business from December 25 until January 2. This, as is known to staff, trainers, and members, has been a long-established custom at Fitness First. However, the fact that this period is perceived as a severe inconvenience has been brought to the attention of Fitness First management.

In order to meet the needs of our members, it has been decided that operations will continue throughout the period. However, please keep in mind that our services will be limited during this period as we will be operating on a part-time staff basis. On January 3, operations with all seventeen employees will return to normal.

If you have any questions related to this schedule change or any other issue, please visit my office or e-mail me at pdavis@ffirst.com.

Again, we thank you for your continued support.

In view of this change, I'm curious about how the GX classes will be affected between December 25 and January 2. I have time early in the evening on Wednesdays and Fridays during that period.

Thanks.

Hi, everyone!

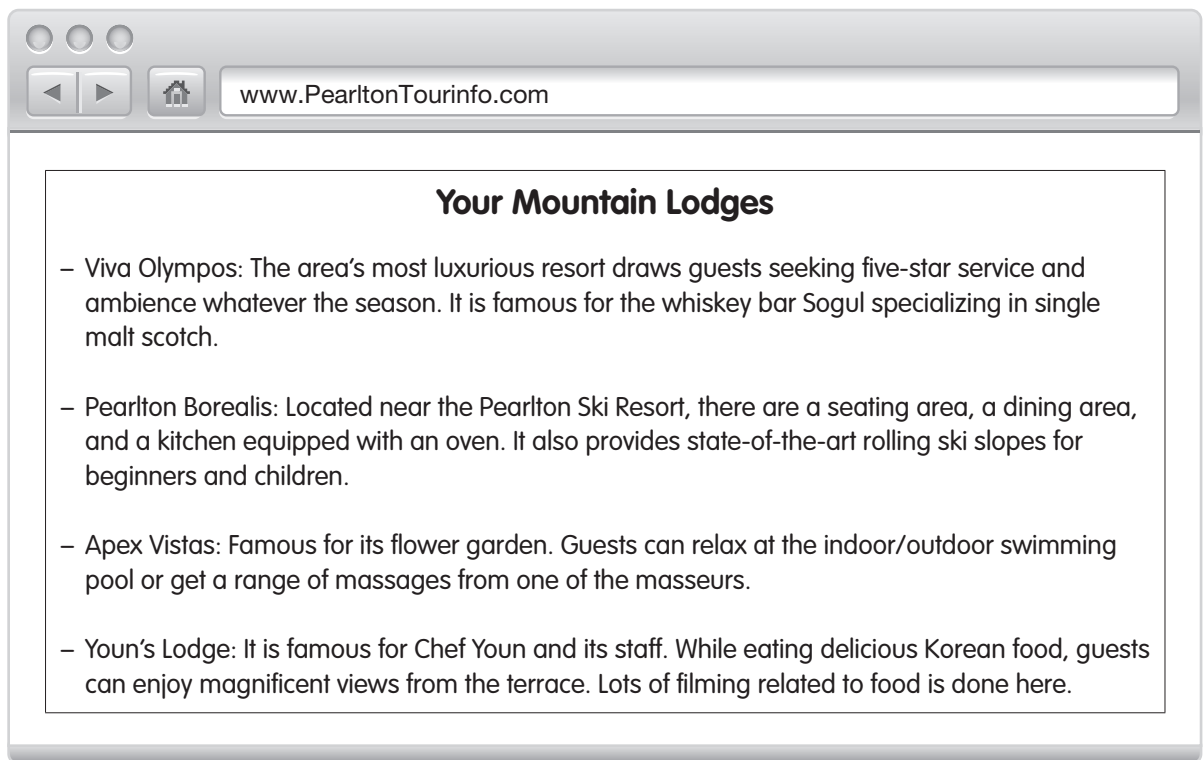

Are you ready for our long weekend at Mt. Pearlton? Are your skis out of the closet and ready to load on your car? I hope you are looking forward to this first outing of the season as much as I am!

I have attached the weather forecast for that area to give you some idea of what we might expect. It looks like there will be a lot of rain on Friday when we are driving up to the mountain. We can't complain about that because the roads will definitely be open. As you know, the mountain lodge we will stay at is 5,000 feet above sea level. So I think everything will be fine on the roads as long as we get there early enough on Friday afternoon.

By the way, I'm planning to bring a snowboard and snowshoes just for fun after we finish practicing on the slopes. Is anyone else interested?

See you soon!
